New resources for farm families from Ag Care Connect

Ag Care Connect has recently launched [ACC Kids](#), a new section of the website created specifically for children growing up in agriculture. Families will find free farm-themed colouring pages, activities, a fun decision wheel, and a "Happy Mail for Farm Kids" program that encourages curiosity, kindness, connection, and wellbeing.

Ag Care Connect is also hosting a free, producer-only [Coffee & Conversation](#) virtual series beginning July 8 to August 5. Producers are welcome to attend one session or all five. Topics include supporting someone you're worried about, talking across generations, managing ongoing pressure, taking stock of what's going well, and building a protective plan before it's ever needed. Both initiatives are free and available to farm families across Canada.

Ag Care Connect - Support for producers who carry too much, for too long.

[Click here to register for our upcoming producer-only virtual series.](#)

Greenhouse Gas (GHG) Calculator Pilot Project

Sustainability on the modern Western dairy farm: How one Alberta farm team is crunching the numbers to make milk production more efficient

Alberta dairy farmer husband and wife team, Cassidy and Robert, are participating in Dairy Farmers of Canada's Greenhouse Gas (GHG) Calculator Pilot Project, currently in its second round. The project is testing a farm carbon footprint calculator in farms across Canada, which can benchmark environmental measurements like carbon emissions, manure use and fuel use.

Read more in the [Western Canadian Dairy News](#) Spring edition.

SASKATCHEWAN MILK POOL RESULTS JUNE 2026		WEIGHTED AVERAGE COMPONENT TESTS & PRICES JUNE 2026	
Milk Sale Revenue	\$25,064,148.15	COMPONENTS	PRICE PER KILOGRAM CLASS 1 TO 5
WMP Revenue/<Expense>	\$(373,736.96)	Butterfat	AVERAGE TEST
Total Revenue	\$24,690,411.18	Protein	\$16.112491
		Other Solids	\$7.410187
			\$0.826211

The average butterfat price received per kilogram was \$23.02

JULY 2026

QUOTA EXCHANGE

The next Quota Exchange will be held on August 15, 2026. All offers to sell and bids to purchase quota through the Quota Exchange must be submitted by midnight, August 6, 2026. SaskMilk recommends that offers and bids be submitted well in advance of the deadline date to ensure adequate time for corrections, if necessary.

When making bids on the Quota Exchange, the price on offers to sell quota is the minimum price that the producer is prepared to accept for that quota. Only if the market-clearing price is equal to or greater than the producer's minimum price will that producer qualify for participation in the Exchange.

Conversely, the price on offers to purchase quota is the maximum price that the producer is prepared to pay for that quota. Only if the market-clearing price is equal to or less than the producer's maximum price will that producer qualify for participation in the Exchange.

The clearing price is set at the price where the smallest difference exists between the accumulated volume offered for sale and the accumulated volume bid to purchase. The results of the Quota Exchange are outlined in the following table.

JULY 2026 QUOTA EXCHANGE RESULTS	
Market Clearing Price per kilogram of butterfat	\$47,000.00
Daily Kilograms offered to Purchase	96.00
Kilograms offered to Sell	47.82
Kilograms sold	46.00
Number of Producers	
- offered to purchase	11
- purchased quota	6
- offered to sell	5
- sold quota	5

The market-clearing price established for the July 2026 Quota Exchange was \$47,000.00

In May, Saskatchewan had a monthly CDC allocation of 1,112,363 kilograms of butterfat. Saskatchewan production was 3,096 kgs of butterfat over and cumulatively over by 1,182,407 kgs of butterfat. On a percentage basis, Saskatchewan is 8.77% above our CDC allocation flexibility limits based on the Continuous Quota model. The -2.00% lower flexibility limit is in effect.

- (1) Monthly Production in Saskatchewan
- (2) Total Monthly Quota = Class 1 sales + Monthly MSQ + Carry Forward
- (3) Difference between the monthly production (1) and the total monthly quota (2)
- (4) The Lower Flexibility Limit is -2.00% of Rolling 12 Month Total Quota (9)
- (5) The Upper Flexibility Limit is 1.25% of Rolling 12 Month Total Quota (9)
- (6) Previous Month Cumulative Over or (Under) Production + Current Monthly Over or (Under) Production (capped at lower or upper limit if applicable)
- (7) Equal to Column (6) expressed as a percentage basis within the flexibility limits
- (8) Total Monthly CDC Quota Allocation for the previous 12 months
